CURRICULUM VITAE

PERSONAL DATA

Name: Michael Asger Andersen
Mail: michael.asger.andersen@regionh.dk
Phone: +45 31 77 08 56
ORCID: 0000-0001-9729-9974
Website: https://masger.github.io

EDUCATION

2008–2015	MD, University of Copenhagen, Denmark
2016–2021	PhD, University of Copenhagen, Denmark (January 15th, 2021)
2023–2027	Clinical specialization in clinical pharmacology (expected October 1st, 2027)
2026	BRIDGE Translational Excellence Programme Omics Courses, University of Copenhagen

POSITIONS

2015–2016	Resident (KBU), Dep. of Infectious Diseases and Dep. of Urology, Herlev Hospital
2016–2020	Research fellow and clinical assistant, Dep. of Hematology, Rigshospitalet
2020–2021	Postdoc, CLL-LAB, Dep. of Hematology, Rigshospitalet
2020–2021	Resident, Dep. of Infectious Disease Epidemiology & Prevention, Statens Serum Institut
2021–2023	Resident, Dep. of Clinical Pharmacology, Bispebjerg and Frederiksberg Hospital
2023–2024	Senior Medical Doctor, Cardiovascular Clinical Development, Novo Nordisk (specialty training rotation in clinical pharmacology)
2024–2025	Specialty Registrar, Dep. of Endocrinology, Herlev Hospital
2025–2026	Specialty Registrar, Dep. of Clinical Biochemistry and Genomic Medicine, Rigshospitalet
2026–	Specialty Registrar, Dep. of Clinical Pharmacology, Bispebjerg and Frederiksberg Hospital

SCIENTIFIC AWARDS & HONORS

2017	Best abstract award, International Workshop on Chronic Lymphocytic Leukemia (IWCLL), New York
2018	Best scientific visualization, ARTIS, University of Copenhagen
2019	Best abstract award, IWCLL, Edinburgh
2019	Audience award, FYF annual poster competition, Rigshospitalet
2022	Best poster, Lassen-dagen, Bispebjerg and Frederiksberg Hospital
2023	Second best oral presentation, Lassen-dagen, Bispebjerg and Frederiksberg Hospital
2024	Second best oral presentation, Danish Society of Clinical Pharmacology (DSKF) annual meeting
2026	Best poster award, 40th Nordic Congress in Clinical Biochemistry, Aarhus

SCIENTIFIC FOCUS AREAS

My research focuses on cardiovascular and oncological pharmacotherapy, centered on the investigator-initiated multicenter SAMSON-2 trial. As sponsor and principal investigator, I lead this randomized N-of-1 trial platform to systematically evaluate statin-associated muscle symptoms and overcome drug intolerance. In parallel, I lead the TDM-VISION project, establishing therapeutic drug monitoring algorithms for targeted oral therapies in chronic lymphocytic leukemia. Methodologically, my work bridges prospective clinical trials, nationwide Danish health registries, and clinical pharmacogenetics to translate precision medicine into direct bedside decisions.

BIBLIOMETRY

46 peer-reviewed original articles, reviews and guidelines (13 as first author, 5 as last author, 28 as co-author; plus 1 case report).
20 articles published within the last 3 full years and 2026.
Articles published in leading international journals including *Circulation*, *Nature Communications*, *Leukemia*, *Haematologica*, *Clinical Cancer Research*, and *Clinical Infectious Diseases*.
Citations: 1,112 (1,012 since 2021), H-index: 18 (17 since 2021), i10-index: 27 (26 since 2021; Source: Google Scholar, 29 October 2026).

GRANTS

2016	PERSIMUNE Research Grant	DKK 0.5M
2017	Research Foundation of Rigshospitalet, PhD grant	DKK 1.8M
2018	AP Møller Research Foundation	DKK 0.1M
2024	Danish Cancer Society (TDM-VISION, PI)	DKK 2.3M
2025	Region Hovedstaden Research Fund	DKK 0.6M
2025	Bispebjerg Hospital Internal Research Fund	DKK 0.32M
2026	Hørslev-Fonden	DKK 0.3M

Multiple project and collaborative grants secured as co-PI.

SUPERVISION

2018–2022	Primary supervisor for 4 Master theses and 2 Bachelor projects, University of Copenhagen.
2024–now	PhD co-supervisor, TDM-VISION project (ongoing).

INVITED TALKS

2018	Dagens Medicin, ASH Highlights
2019	Nordic CLL Study Group, Danish health registries in hematology research
2024	Danish Society of Clinical Pharmacology (DSKF) Annual Meeting
2026	Lægeforeningen (Danish Medical Association), Pharmacogenetics in clinical practice

EDITOR

2023–now	Review Editor, Frontiers in Epidemiology (Epidemiology of Chronic Diseases and Prevention)

REVIEWER

Journals:	Recurrent reviewer for European Heart Journal, Basic & Clinical Pharmacology & Toxicology, Leukemia, Clinical Pharmacology & Therapeutics, Communications Medicine, and Ugeskrift for Læger.
Guidelines:	Reviewer for NIH Medical Genetics Summaries (Simvastatin Therapy and SLCO1B1 Genotype).
Theses:	External Examiner (Censor) for 10 Bachelor and Master theses in Medicine, University of Copenhagen (2026); External Examiner for 2 Master theses, Master in Personalized Medicine, University of Copenhagen and Technical University of Denmark (2026).

COMMITTEE WORK

2017–2022	Webmaster and Secretary, Nordic CLL Study Group
2022–now	Member, Clinical Pharmacogenetics Implementation Consortium (CPIC)
2022–now	Member, Pharmacogenomics Global Research Network (PGRN)
2023–2025	Board Member, Danish Society for Personalized Medicine (DSPM)
2025–now	Chair, Danish Society for Personalized Medicine (DSPM)
2026–now	Auditor, Danish Society of Clinical Pharmacology (DSKF)
2026–now	Appointed National Expert (1 of 3), Danish National Strategy for Personalized Medicine

TEACHING

2008–2015	Lectures in medical IT and health informatics for 1st semester medical students, University of Copenhagen (ca. 150–200 students per semester).
2020–2021	Invited lecturer, Digital Health and Data (Module 1), University of Copenhagen (ca. 50 participants per year).
2021–2022	Instructor in biostatistics, epidemiology, and R programming (SEMS), 3rd semester MSc Medicine, University of Copenhagen (5 ECTS, ca. 20 students per class, 2 hours weekly).
2021–2023	Co-organizer and instructor, Clinical Pharmacology CRASH Course 1 & 2, Bispebjerg and Frederiksberg Hospital (ca. 50 participants per course, 4 times per semester).
2021–2025	Annual lecture, Danish Health Registers for Clinical Research (ca. 20 students).

INTERNATIONAL RELATIONSHIPS

I collaborate actively with international consortia in cardiovascular pharmacogenomics and hematology. I am a Work Package collaborator in the European SPOCK Trial, investigating CYP2C19-guided clopidogrel therapy across European centers, and participate in COST Action CardioPharmGeneNet. In international guideline development, I serve as a working group member for the NAT2 guideline in the Clinical Pharmacogenetics Implementation Consortium (CPIC) and contribute to the Pharmacogenomics Global Research Network (PGRN).

LEADERSHIP EXPERIENCE

As Chair of the Danish Society for Personalized Medicine (DSPM) and appointed National Expert under the Danish National Strategy for Personalized Medicine, I lead national initiatives connecting academic research, clinical genetics, and regulatory implementation. Scientifically, I serve as Sponsor and Principal Investigator for the multicenter SAMSON-2 trial and PI for the TDM-VISION project, overseeing research budgets totaling DKK 5.95M and supervising multidisciplinary project teams across clinical pharmacology, oncology, and laboratory biochemistry.

PUBLICATION LIST

I. ORIGINAL SCIENTIFIC PUBLICATIONS (PEER REVIEWED)
